SIR,

With reference to your letter No. Pol.937/G.G.38-34-2, dated the 1st March 1935, I am directed to say that the Government of India have informed this Residency that the exemption originally granted in favour of Mr. Krumbiegal in 1929 was on special personal grounds and that they are not in favour of continuing this privilege permanently. They point out that it is a concession which is not enjoyed by any other inland State and that however good the arrangements may be at an internal fumigating station, there is always a risk when plants are being transported from the port to the fumigating station some hundreds of miles away. The Government of India would therefore be glad if the Government of Mysore could agree now to forego the special privilege which they have recently enjoyed.

Sir,

With reference to correspondence ending with your letter No.F.386-35/R.O.II dated the 12th instant on the above subject stating that the Government of India would be glad if this Government agreed to forego the special privilege in this behalf, I am directed to state that although the exemption was in the name of Mr. Krumbiegal it was really in favour of the Mysore Horticultural Department of which he was at that time the Director and the concession was continued when Mr.Javaraya succeeded Mr. Krumbiegal in that Office. The Department has been in enjoyment of this privilege for the past 6 years and experience has shown that the grant of the concession has not been productive of any undesirable consequences. The discontinuance of this privilege at this stage would cause

cause no small inconvenience to the Department particularly when experiments with foreign imported plants are ~~being~~ expected to be conducted on an ever-increasing scale at the gardens in Bangalore. Fumigation of the imported plants is being done efficiently at Bangalore almost immediately the plants are -- received. Unlike other inland States the Head Quarters of the Mysore State is within easy reach of the port of ~~boundary~~ Madras, the journey by rail occupying only some hours.

In these circumstances, the Government of His Highness the Maharaja will be obliged if you will kindly move the Government of India to continue the concession in favour of Mr. M.K.Seetharama Chetti who has succeeded Mr. H.C. Javaraya. Mr.Seetharama Chetti has passed in the L.Ag exam. from the Agricultural College at Coimbatore and has put in a long period of service in the Department under Messrs. Exemption from fumigation of plants at ports of entry.

SIR,

I am directed to refer to your letter No.Pol.1/G.G.38-34-7, dated 1st July 1935, and to say that the Government of India have suggested as an alternative that the fumigation work might be placed under the control of a more senior qualified officer than Mr.Seetharama Chetty. They say that although Mr. Seetharama Chetty may have the necessary practical experience of fumigation, it seems desirable that he should work under the supervision of a fully qualified Entomologist or Mycologist; and they understand that the Mysore Government have officers who are fully qualified in these directions.

I am to invite the views of His Highness' Government on this suggestion.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

EXEMPTION FROM FUMIGATION OF PLANTS AT PORTS OF ENTRY.

SIR,

I am directed to refer to the correspondence ending with your letter No.Pol.575, dated the 27th November 1935, and to forward a copy of notification by the Government of India in the Department of Education, Health and Lands, No.D.686/Agri., dated the 5th November 1935. It will be observed from the first amendment in this notification that the Government of India have conditionally granted exemption from fumigation in British India of plants imported by Mr. Seetharama Chetty so long as he holds the post of Superintendent, Government Gardens, Mysore. I am to add that the notification, though issued in November last, has only recently been brought to the notice of this Residency.

The Government of India have now asked that the Government of Mysore may be informed that the recent trouble with the San Jose Scale and recent identification in India of the very serious fruit pest known as the Codlin Moth have made it necessary that precautions against the introduction of foreign pests and diseases in India should be increased. They would accordingly be obliged if the Government of Mysore would provide the Department of Imperial Council of Agricultural Research with an annual return of plants imported

and

and fumigated, giving relevant dates, the country of origin of each consignment, and the number of each species contained in it.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

NOTIFICATION.

In exercise of the powers conferred by sub-section (1) of section 3 of the Destructive Insects and Pests Act, 1914 (II of 1914), the Governor General in Council is pleased to direct that the following further amendments shall be made in the order published with the notification of the Government of India in the late Department of Revenue and Agriculture No.580-240, dated the 22nd June, 1922, namely:-

1647

1. For the second proviso to paragraph 3 of the said order the following shall be substituted, namely:-

"Provided also that in the case of plants imported direct by Mr. M.K. Seetharama Chetty, so long as he holds the post of Superintendent, Government Gardens, Mysore, such fumigation shall be dispensed with on condition that Mr. Seetharama Chetty makes himself personally responsible for the effective fumigation under the supervision of the Mycologist of the Mysore Agricultural Department of all such plants within four days of their landing in India, and that before release from the fumigatorium the plants are certified as free from insect pests and diseases by the Government Mycologist and by the Government Entomologist, Mysore State".

2. For paragraph 5 of the said order the following paragraph shall be substituted, namely:-

"5(1) Rubber plants shall not be imported into British India by sea unless they are accompanied by an official certificate that the estate from which the plants are free from Fomes semitostus, Sphaerostilbe repens, Fusicladium macrosporum and Odium heveae.

(2) No lemon plants, Lime plants, Orange plants, Grape-fruit

fruit plants or other citrus plants and no cuttings of such plants shall be imported into British India unless they are accompanied by an official certificate that they are free from the Mal de Secco disease (Deuterophoma tracheiphila) or that the disease does not exist in the country in which they were grown".

3. In sub-paragraph (2) of paragraph 6 of the said order for the words "Thielaviopsis Ethaceticus" the words "Thielaviopsis paradoxa" shall be substituted.

4. In the First Schedule to the said order -

(a) for the entry "5" in column 1 the entry "5(1)" shall be substituted;

(b) After the said entry as so renumbered the following entries shall be inserted, namely:-

"5(2) Italy	The Ministry of Agriculture. a Royal Italian Phytopathological Institute.

Dear Mr Noronha,

In forwarding herewith a copy of letter received from the Chief Secretary to Government regarding the exemption from fumigation of plants at the ports of entry imported by this Department, I write to state that according to order No.D2787/32 dated 12-12-1932 (copy enclosed) the privilege of exemption from fumigation granted to Mr G.H.Krumbiegel was passed on to Mr H.C.Javaraya, after the retirement of Mr G.H.Krumbiegel. Now, since Mr H.C.Javaraya has vacated the office due to his appointment as Senior Marketing Officer under the Imperial - Government, I request you to kindly move the matter to the Secretary to the Government of India, Education, Health & Lands. and see your way to insert my name in place of Mr H.C.Javaraya, as this will enable me to fumigate the plants at Lalbagh - as hitherto.
